

CASCADE
NEXT GEN

Harness the Power of Nature

Welcome to the revolution in hard surface flooring! Cascade Next Gen utilizes plant-based, renewable materials to create a super high performance flooring product. Next Gen technology allows customers to enjoy next level **WATERPROOF, STABILITY, and DURABILITY** without compromising the environment.

- 1 Surface Guard Finish[®]** - 3 X Protection. Extreme scratch, stain, and dent resistance. Ideal for busy homes with kids and pets.
- 2 Decor Layer** - High Definition films offer enhanced realism.
- 3 NexCore[®]** - PVC Free.
 - 80% Renewable Organic Materials. 75% recycled content.
 - Waterproof: Max 4% Swell Rate vs 8-9% on water-resistant laminate.
 - 1050kgs/m³ density for improved performance and lock strength.
 - Enhanced stability allows NexCore[®] to be installed in large areas without transitions. Organix = 6,000sf Dynamix = 4,000sf
- 4 Locking System** - Cascade NextGen products feature the Valinge 2G and 5G locking systems to meet the needs of different installations.
- 5 Balance Layer** - A critical component in the Cascade NextGen construction that ensures stability when faced with changes in temperature and humidity.
- 6 Sound Reduction Layer** - Premium embossed IXPE underlayment provides sound reducing properties as well as improved underfoot comfort.
